Ossie and Elaine have agreed to do *another* Special Practitioner level course after the UK International Bowen conference in October IF THERE IS THE DEMAND

Many of our UK members have expressed a desire to meet and train with Ossie and Elaine and are saddened by the fact that they may have to wait for several years before meeting them

Ossie and Elaine appreciate that many of the newer members of the BA(uk) and various other countries within Bowtech, have not had the privilege of meeting them over the past few years. With this in mind – they have agreed to do this as a one off special Practitioner course.

Attending this Practitioner course will help to re-hone all the techniques you have learnt so far.

This seminar presents a chance for the newer qualified Therapists to come together to see all the familiar basic procedures demonstrated by the Masters of the Bowen Technique. Hear their views of where - when - how to combine some of these procedures and even learn a few new moves.

To register your interest in taking this course please fill in the form below. You will be notified as soon as possible if this course will be running.

The course is available to all BA(UK) members and any Bowtech members visiting the UK for the Bowen International Conference in Winchester .

You can attend this course without attending the Conference.
